- ➔ 2-3 pick-up
- ➔ 4-6 pick-up
- ➔ Jr High pick-up

Your pick up zone is your youngest student's grade

Exit open for parents parked in the new parking lot.

All parents will enter from 3000 south of the fire station and follow the arrows onto the property. All cars will turn left at the first turn.

Elementary parents will move to the left lane as soon as they can once they come on the property. They will follow the red arrows and bypass the new parking lot. Stacking will begin after the horseshoe where the green, yellow, and orange separate. Parents will follow the arrows of their color to their pick-up/drop-off zone and to exit.

Junior High School parents will move to the right lane as soon as possible after entering the property. Pick-up/drop-off will be along the sidewalk in the new parking lot and along the south side of the horseshoe. JHS parents will take the bypass as shown with the blue arrows and move out the bypass exit onto Antelope for now.

New Parking Lot
For parents who park to pick-up their student or staff members, the exit north of the fire station will be open to exit. There will be no cross traffic with the regular carpool lanes.
