Welcome to Bedford High School!
This Scheduling Hub provides you with all of the information that you need to sign up for your classes for the next school year. We are proud of the many classes we have to offer in our Course Description Guide with over 170 courses to choose from. It includes: 7 Honors classes, 10 AP classes, Dual Enrollment courses in partnership with Lourdes University, more than a dozen support courses for students needing extra assistance with their learning, 48 classes among 13 different career pathways in our Career & Technical Education programs and nearly 30 classes in our strong visual and performing arts programs. Our Bedford Virtual Academy has 125 classes to choose from. There is something for everyone at Bedford High School!

SIGNING UP FOR CLASSES

STEP 1: Consider your future plans. Talk with your teachers, your parents, your friends, and review the course description guide and the videos below. You want to make sure you are aware of all the opportunities. There are lots of required courses, but students also have a wide range of electives and different choices. Here is a video that reviews graduation requirements.

STEP 2: Be sure to complete forms for classes that have required forms. These forms are in the counseling office and posted below. If you have never taken an AP/Honors course, be sure to have your parent attend the AP/Honors Parent Meeting on February 8th in the auditorium at 6:30pm.

STEP 3: Complete the Course Request Sheet for your grade. Be sure to use a pencil when completing this so you can erase it and make changes as you plan. Counselors will be available everyday during lunches (2/7 to 2/10) and homerooms for students to ask questions with. Once you feel that you have everything completed, be sure to review it with your parents and have them sign your course request sheet.

STEP 4: Turn your signed Course Request Sheet into your counselor. Counselors will be meeting with each student one-on-one during the week of February 14th. Counselors will meet with you during your math class. Your math teacher can tell you which specific day you will meet with your counselor to review your selections. If you are absent on the day your class meets, your math teacher will send you on the next day. If you are one of the rare cases when a student doesn’t have a math class, you can come down during your homeroom anytime that week. Please note that your selections for classes, including to be in-person, or in the BVA are for the entire year. These are important decisions for you to make. Please be thoughtful as you will not be able to change your classes.
