V. OLD BUSINESS
Approval of Minutes: July 17 2012 and July 31, 2012

MOTION #1: That the Waterford School Building Committee approve the minutes of the July 17, 2012 and July 31, 2012 meetings.

VI. NEW BUSINESS
1. Discussion and possible action on quote by McVac Environmental Services, Inc. in the amount of $10,650.00 for the cleaning of the storm water basin plus $125/ton for disposal of solids if required. This work will be back charged against the site work contractor for continued refusal to perform this specified task. The building committee waives the town's purchasing requirement to publicly bid this work as it is necessary in order to comply with the Conservation Commission's corrective action letter dated May 29, 2012. It is noted that waiving the bid process, this work will not be eligible for state reimbursement.

Discussion occurred regarding Fucci not performing the work to date. The work is necessary due to being in violation with the Conservation Commission. Mr. Kotait reported that right now, Fucci is performing the work “under protest”.
MOTION #2: That the Waterford School Building Committee approve New Business Item #1 as listed provided Fucci does not perform the work.
Alfultis, Nazarchyk: Unanimous

Item #1 is necessary for the old building due to the “renovate as new” status. Item #3 also includes work next summer for the maintenance building and the price could fluctuate as they charge by the hour. Mr. Dembek questioned the change order related to the grease trap in Item #15a. Mr. Wilensky explained there was no waiver on the requirements. Mr. Belair commented that even though this state mandate is unfunded, having the requirements in place would allow for expansion of the concession stand in the future, if desired.

MOTION #6: That the Waterford School Building Committee approve the Change Orders #2-38 as listed.

Nazarchyk, Alfultis: 4-1 (Dembek)
Note: Dembek only opposed to Items #15 and #16

**VIII. WATERFORD HIGH SCHOOL**

Mr. Ayles stated that he met with Fire Marshal Peter Schlink and Town Planner Tom Wagner on August 14, 2012 to review the revised egress plans and everything seems to be on track. Mr. Ayles will also be setting up a meeting with Craig Smith at the CSDE Bureau of School Facilities to review the phase three documents. Mr. Ayles explained that because much of phase three work is being done through change orders and addendums, it would be beneficial to work through it with Mr. Smith to help him piece together the timeline and answer any questions he may have. Mr. Ayles then passed out a drawing showing 22 additional parking spaces added just outside the baseball outfield, per the request of Chief Pendleton and Tom Wagner. In the past, people have parked there so the Chief and Mr. Wagner thought it would be a good idea to have some legal parking spaces in place. The surface is currently undecided and Mr. Ayles will rely on guidance from Mr. Wagner as to what material should be used.
2. Construction Manager’s Report Waterford High School: O&G

Mr. Kotait began his report by showing a slide show of pictures portraying the progress of the site. The upper parking lot has been paved and the bus company is doing a test run of the bus loop on Thursday. All in all, the construction is on schedule and is in great shape.

3. Pending Items:
   - Practice field layout - ongoing
   - Musco lighting - ongoing
   - Footballs field concession stand - pending
   - Auditorium catwalk - construction underway
   - WHS sign(s) on building - ongoing
   - Diving board and pool scoreboard – investigating

One bill for $12,917.00, which closes out carpentry work at Great Neck Elementary School and another bill in the amount of $77,111.50 for Waterford High School Casework. It was noted that the bill for VHB had an incorrect amount listed on the bill list and should be amended to read $2,458.80.

MOTION #7: That the Waterford School Building Committee approve the Bill List as amended.
Nazarchyk, Alfultis: Unanimous
