INFORMATION SHARING SESSION

A. Recognition of Torrington High School Care Closet

Ms. Clemons recognized Michelle Anderson and Bob Sullivan for their assistance as co-advisors for the Care Closet. There are 35 students from THS that participated in a community forum addressing the issue of “unstably housed youth.” The Care Closet is funded by Northwest Connecticut Community Foundation. There will be a soft opening in the beginning of June. They are hoping to open in September.
B. Student Representative Report – Darnell Battle
The Chair recognized Darnell on his college acceptance to Yale University.

Darnell reported on the amazing things happening in THS. The Softball team was able to go to Florida to play during Spring Break. The play Footloose is opening on May 4. On April 18, numerous students were recognized at the Youth Service Day ceremony. Raider Rally will be held on June 2.

C. Superintendent’s Report
Ms. Clemons stated that she is working on the budget. The budget has been approved by the board. There will be a Special Joint Meeting of BOF and BOE presentation of the BOE Budget on April 24 at City Hall. There are three key positions that are being interviewed for: Director of IT, THS and TMS Principals.

D. Teacher Non-Renewal
Ms. Clemons stated that this is a preliminary notification that non-tenure teachers will be receiving. The list of non-renewals is due to the budget and only one name on the list is due to performance. This does not mean that these positions will be definitely eliminated.

The Chair stated that this letter has to be sent out legally, “Moved that the contract of employment of the attached list of names not be renewed for the following year upon its expiration at the end of the 2016/2017 school year, and that the Superintendent of Schools is directed to advice such person(s) in writing of this action.”

E. Municipal Audit
The Chair received the audit findings. There are some positive things that have been done by the BOE and there are things that have to be worked on. This will be discussed at a later date.

F. Program Enhancement Project (PEP) Federal Adult Ed. Grant
This grant is being used to in terms of our outreach of Adult Education.

G. Medical Advisor RFP
Mr. Domanico stated that the main difference with this RFP compared to the one expiring in June is that the RFP does not require an institution or hospital, it just has to be someone who is licensed to practice medicine in the state of CT, preferable a pediatrician. He believes that the cost will be $15,000.

After discussion, the Chair suggested that the RFP regarding Sports Physicals be priced ala carte so the BOE can look at what options are most beneficial.

H. Athletic Trainer RFP
Mr. Domanico stated that this new RFP the Athletic Trainer will not be paid a flat fee per season, instead, they will bill for the actual hours they provide each month. We will be billed monthly for 10 months. When asked if we could use an in house existing qualified staff, Mr. Domanico stated that we would have to pick up additional liability insurance for that individual. Another issue with an in house Athletic Trainer is that if they are unavailable then they are required to
provide coverage. The Athletic Director would track the Athletic Trainers hours.

I. **Capital Funding Review**  
Mr. Bascetta spoke on this item and item J. THS Fuel Tank Replacement Bids simultaneously. He is requesting a money transfer from money that was allocated for the ADA project into the THS Fuel Tank Replacement Bids. The funds are in the same account but because they were allocated for a specific project he has to get the BOE permission. The money will still be reimbursed.

J. **THS Fuel Tank Replacement Bids**  
See item I.

K. **Torringford Solar Project**  
Mr. Bascetta stated that we have money this year for an energy project. He is bringing this to the BOE, then City Council, and then the State. The project will be similar to the one that was done at Forbes school.

L. **Budget Transfer Requests**  
Mr. Domanico stated that there are two requests.

One request is to transfer money from NEASC to the Salaries of Guidance Counselors. In order for the Guidance Counselors to finish all of their end of the year work, they require a minimum of 5 days. They found a way to fund 2 of those days without additional expenses but they need to transfer funds in order to fund the remaining 3 days. The department did not gage properly the impact that was made by reducing the Guidance Department by two people.

The BOE discussion brought up concerns regarding the fact that there was a plan in place for this year for the Guidance Counselors to take 10 days of comp time and now the board is being told that they cannot achieve this. Mr. Traub also pointed out that the budget is very tight for the end of the year.

The second request is to transfer money from Non-Instructional Equipment to Instructional Equipment. There is a large number of students who play low brass instruments joining the band in 2017-18 and there are not enough instruments.

M. **Budget Update**  
The Chair announced that there is a Special Joint Meeting of BOF and BOE presentation of the BOE Budget on April 24 at City Hall. Immediately following will be a public hearing. She is hoping to get support from the community.

N. **Principal’s Search Update**  
Ms. Clemons reported that there are 36 applications for the THS Principal position and 31 for TMS. They will comb through those applications down to 5 for each school. From those 5, they will come up with 3 top candidates for the final round. The final selection will be brought to the BOE.

O. **Sub Committee Assignments**  
Due to half the board being up for Election in November, the Chair has decided to place Ms. Pataky in place of Mr. Lamoin when it comes to the sub committees.
