Technology – The team is in process of receiving devices back from students. They will be inventoried, cleaned, asset tagged, updated, and prepared for distribution. We will turn around over 550 devices in about a week to prepare for summer school.

Graduation was a huge success. Ms. Herold coordinated the sound system and the live-streaming of the event.

2. Special Education Update: We are down total 9 SPED students for June. A total of 55 students have exited (tested out) from special education this year. Mr. Barton gave an overview of the elementary reflection rooms.

Ms. Richardson asked how do they know if the child is overutilizing the reflection room for the wrong reasons? For example, acting out, so s/he can go to the reflection room. Mr. Barton said the staff would change the way the child saw the reflection room, so they would not perceive it as a reward. They are trained in dealing with these situations.

B. BOE Budget 2021-2022: There will not be a joint meeting with the BOE and BOF. The Mayor suggested to the Chair that she should email the BOE’s issues and concerns regarding the budget to her, so the comptroller and their legal counsel could respond.

C. American Rescue Plan Act Update: Ms. Lubomski reported that no less than 90% of the funds must be allocated to local educated agencies. LEAs must reserve at least 20% of their allocation to address learning loss through the implementation of evidence-based interventions and ensure these interventions: Respond to student’s social, emotional, and academic needs; Address disproportionate impact on under-represented subgroups. CSDE may reserve up to 10% of the funds for state-level activities, including the following set aside requirements. LEA (Local Education Authority-district) allocation is based on respective Title allocations. It is our collective responsibility to fulfill the established priorities through an equity-focused lens.

Ms. Lubomski will update the board continuously. This plan must be evaluated every 6 months until 2023.

D. Reopening Plan 2021-2022: Ms. Lubomski presented the plan to the board. The following at the priorities for next year:

1. 100% in-person instructional learning model;

Torrington Board of Education Regular Meeting – June 21, 2021

3. Monitoring the health of students and staff and, when necessary, isolating positive cases and close contacts who have not been vaccinated;
4. Emphasizing equity, access and support to the students and communities that are emerging from this history disruption, including 1:1 devices and connectivity;
5. Fostering strong two-way communication with partners such as families, educators, and staff; and
6. Ensuring all students, families and staff have the social emotional and mental health support they need.

The ARPA/ESSER III allocated funds will be $5,955,536.00.

Feedback from the 1,327 respondents of the Re-Opening Plan survey is as follows:
68.4% Are completely comfortable returning
17.2% Happy to return but a little apprehensive
6.1% Happy for the sense of normalcy but wish there were more ways to protect everyone
8.3% Wish remote learning was still an option

There were questions on the emphasis from the State on social emotional support requirements of the application. There were questions about summer school. There have been 700 kids identified, but there is not a final commitment from everyone yet. There were questions about chronic absenteeism.

E. Monthly Financials: Mr. Maniccia reported that we are at a year end surplus.
