March 20, 2021

Dear Torrington Families,

Welcome to Torrington Public Schools! When your child enters kindergarten in August, you and your child will embark on an exciting educational journey. Torrington Public Schools, in partnership with the Torrington School Readiness Council, welcome you to our school family!

As part of our promise to educate every child to their fullest potential, we welcome your input and value your insight. As a community, we look forward to beginning a positive school-family partnership with you and will continue building and nurturing that partnership through the years to come. We look forward to seeing your child on the first day of school!

Sincerely,

Susan Lubomski
Torrington Public Schools
Superintendent
