**Mission: Parents promoting positive outcomes for children**

Calling all parents (grandparents, step-parents, foster parents and caregivers) in Torrington…

It goes without saying that the pandemic has upended the lives of our children in more ways than we can count. The TMS PTO is inviting you to link arms with our teachers and administrators by helping out at school during the day. This is the opportunity to be a positive source of support to students at Torrington Middle School! We’re looking for parents like YOU and there are many ways to help provide this support that do not require large amounts of time, yet will have a lasting impact on our children! **SCAN TO SIGN UP** or contact below
