Greetings Team NBPS,

I hope that everyone has had an excellent start to the New Year! Thank you for your continued effort as we use our sphere of influence to make a positive impact on those around us. Although 2020 is now behind us, some of its challenges remain. We must be vigilant and continue to work together to follow the precautions that have made it possible for our over 9,000 students to attend school in person over these last few months.

These winter days are short and the next six weeks before the February break will speed by. It is paramount that we focus all our resolve to support students social emotional wellness and advance their learning during this critical time.

I am proud of the work that has been done in New Bedford Public Schools. I appreciate your efforts as we have been able to also provide parents with the option to have about 4,000 students engage remotely in their learning in the NBPS distance learning academy. I know that we all agree that this remains a challenge, but we have the team to keep the educational process safely moving forward.

As a PreK-12 education system, we will be included in Phase 2 of the state COVID-19 vaccination plan. If you have not done so already, please complete this COVID Vaccine Interest Survey. Completion of this survey will help to ensure those wishing to be vaccinated in Phase 2 will be prioritized based on vaccine availability.

Remember, WE are ALL in this together. Think of others, MASKUP, and stay safe.

Sincerely,

Thomas Anderson
Superintendent
Amy Klatt is Parker's School Nurse and Amy Bousquet is Parker's TLS, however "Amy Squared" wear many hats these days at Parker! According to Parker School Principal Jennifer Mainelli, both members of the Parker team go above and beyond the expectations set forth in their job descriptions.

Nurse Amy not only oversees the attendance team, but she makes individual phone calls to families daily to support both our in-person and virtual attendance staying above 90%! She also makes classroom wellness checks with her nursing cart in order to keep students out of the hallways, and to keep all students and staff safe while in the building. Principal Mainelli says “Nurse Amy is always available to support the Parker team in adhering to all safety guidelines!”

Ms. Bousquet (the other Amy in Amy Squared) plans and implements targeted professional development around all areas of teaching and learning. She oversees the Teacher Leader Cohort to facilitate targeted and specific hybrid learning planning during weekly TCT, and coaches individual teachers in planning and implementing both in-person and distance learning to all Parker students in cohorts 1, 2, and D! Principal Mainelli shared “Ms. Bousquet is always willing and able to lend a helping hand in ANY area of the building!”

Ms. Mainelli went on to say “Parker School would be lost without Amy Squared... we're so lucky to have such dedicated team members! Thanks so much for all you do from the whole Parker crew!”

INTRODUCING SMART90®

Convenience. Savings. Smart.

Getting 90-Day Supplies of Certain Maintenance Medications Saves You Time and Money.

With Smart90, you can get 90-day supplies of certain maintenance medications from a CVS Pharmacy™ location or by mail order when you order them through Express Scripts®, an independent company that administers your pharmacy benefits on behalf of Blue Cross Blue Shield of Massachusetts. Maintenance medications, also known as long-term medications, are prescribed to treat chronic or ongoing conditions, such as high blood pressure or diabetes. To view a list of medications that are eligible for the Smart90 program, please visit myblue.bluecrossma.com/90daymeds.

Advantages of Using Smart90

Smart90 saves you time and money. You’ll pay less for a 90-day supply than you would for three 30-day supplies of your maintenance medications. You’ll also be less likely to miss a dose since you won’t have to refill as often.

Where to Get Your 90-Day Prescriptions

You have the choice to pick up your 90-day supply at any of the 9,800 CVS Pharmacy retail locations nationwide, or have it delivered to you when ordered through Express Scripts. Either way, you pay the same amount.

HOW TO FILL YOUR PRESCRIPTIONS WITH SMART90

Using Express Scripts
Orders are usually processed within 48 hours. Delivery takes about eight days for refills, or 10 to 14 days for new prescriptions. You can check your order status anytime by signing in to express-scripts.com and clicking on Order Status.

To place your order:
Sign in or register at express-scripts.com/90day, or call Express Scripts at 1-800-892-5119. Express Scripts will contact your doctor to get your 90-day prescription, and then deliver it right to your door.

Using a CVS Pharmacy
Simply talk to your doctor, or bring your prescription to a CVS pharmacist and ask about getting a 90-day prescription.

To find a CVS:
1. Go to CVS.com
2. Click Store Locator
3. Search for a pharmacy near you

How to Switch from Mail Order to a CVS Pharmacy
If you’re already receiving your 90-day prescriptions through mail order using Express Scripts, but want to switch to CVS Pharmacy, go to your local CVS and tell the pharmacist. Remember to cancel your auto-refills from Express Scripts.
